

Executive Summary

Premium Service Agreement Approval Learning Excellence Foundation of West Broward County, Inc. Imagine Charter School at Weston 5111

The Venture Design Initiative was created to provide fee-supported premium services beyond those required by Section 1002.33, Florida Statutes, to charter schools in Broward County. This new initiative was strategically aligned under the Portfolio Services Division within the Innovative Programs Design/Support Department. Staff identified existing District models of strategic alignment with charter schools and developed a needs assessment to survey the charter school community. The results of such surveys revealed the need for premium services to be provided to these schools as permitted by Section 1002.33(20)(b), Florida Statutes.

As part of the District's Venture Design Initiative, the Innovative Programs Design/Support Department has negotiated the terms of an agreement with Learning Excellence Foundation of West Broward County, Inc., for fee-supported voluntary participation in district-wide assessments for the following school:
