SUMMARY EXPLANATION AND BACKGROUND: <div style="margin-left: 20px;">Schools in Florida are required to submit an annual School Improvement Plan (SIP) for School Board approval. Each School Advisory Council (SAC), representing all stakeholder groups, has developed a plan that addresses Florida's Educational Goals and Broward's District Strategic Plan Goals. All SIP plans were peer reviewed by principal instructional cadre groups. The process for all SIPs has been met in accordance with Florida Statute 1001.42 (School Improvement Plans) and 1001.452 (School Advisory Councils). The State requires each District to develop a District Improvement & Assistance Plan that describes how the District will provide assistance and intervention to schools at risk of not meeting state standards or not making annual measurable objectives by implementing the required support and interventions under Differentiated Accountability. The District Improvement & Assistance Plan was developed collaboratively with District divisions and departments. It is designed to deliver a single voice of support services to the District's most critical schools and students performing below proficiency levels and reflects the requirements under Differentiated Accountability. The SIPs, the District Improvement & Assistance Plan and the District Differentiated Accountability Checklist of Compliance, are available at: http://www.broward.k12.fl.us/schoolimprove.</div>
