Project Description	Federal and Florida State law requires that School Boards adopt, as policy, the <u>Exceptional Student Education Policies and Procedures (SP&P)</u> in order to receive Federal and State funding. This document describes the process for determining eligibility, developing individual education plans (IEPs) for students with disabilities, developing education plans (EPs) for gifted students, and making placement decisions for exceptional students. The School Board previously approved SP&P for 2009-2010 through 2011-2012. This revision includes requirements of Senate Bill 1108.
