TITLE: Charter Application Approval – Riverside Science, Inc.. (Broward Math and Science Schools)				
REQUESTED ACTION: Approve the application for Riverside Science, Inc.. (Broward Math and Science Schools), to open a charter school serving grades K-12 for the 2014-2015 school year and authorize the Superintendent to issue a notice of approval. Subsequent School Board approval shall be required prior to the signing of a written charter school agreement establishing the operation of the charter school.				
SUMMARY EXPLANATION AND BACKGROUND: Section 1002.33, Florida Statutes, authorizes the submission of applications for a new charter school. Riverside Science, Inc.. (Broward Math and Science Schools), submitted a formal application to start a public charter school for the 2014-2015 school year.  The Superintendent of Schools appointed a Charter School Review Committee to review and analyze the application from Riverside Science, Inc.. (Broward Math and Science Schools). The committee is comprised of representatives from Instruction and Intervention, Budget, Facilities, District Administration, Student Transportation and Fleet Services, Exceptional Student Education and Support Services, English for Speakers of Other Languages (ESOL), and other areas of the organization. Utilizing the Model Florida Charter School application format, the Committee reviewed the application in detail.  Based on the review, the application is recommended for approval. The mission and academic design of the application meets the minimum requirements of state law and state standards. The school shall open their first year as a grades K-7 public charter school, serving a total of 400 students. The school will increase a grade level per year until achieving K-12 status. The maximum enrollment capacity of the school will be 1200 students. The final updated budget and insurance documents will be required prior to approval of the charter school agreement. The charter agreement shall address any issues identified by District staff, which require revision or further explanation. The charter school has adopted the same 180-day student calendar in place for the Broward County Public School System.  A copy of all supporting documents is available at the Charter Schools Support office on the 12 <sup>th</sup> floor of the K.C.W. Administration Center.
