TITLE: **Revision to Policy 1001 - Rule Adoption and Rule Making**

REQUESTED ACTION:
 Approve the revisions to Policy 1001 - Rule Adoption and Rule Making at first reading.

SUMMARY EXPLANATION AND BACKGROUND:
 At the June 26, 2013 School Board Workshop, staff recommended revisions to Policy 1001 to modify the rule adoption process in an effort to reduce the time required to revise a policy.

The current policy requires five independent meetings (two workshops, one public rule development meeting, two regular school board meetings) prior to any policy revision being finalized. This process can take up to six months to complete. At the June 26, 2013 School Board Workshop, staff recommended the five-step process be consolidated to a two-step process in compliance with Florida State Statutes. The feedback provided by Board Members in response to this recommendation was to request the process consist of three meetings: School Board workshop, a public rule development meeting (second workshop), and a final adoption at a subsequent Regular School Board meeting. Additionally, the Board requested staff to work with the District Advisory Committee (DAC) to consolidate their "looping" process, as it serves as a surrogate mechanism to provide public feedback on proposed policy revisions.
