

EXECUTIVE SUMMARY

Authorization to Conduct a Spot Survey to Amend the 2009-2014 District's Five-Year Educational Plant Survey and Enable the Repurposing of Castle Annex from an Administrative Facility to an Adult Educational Facility

Castle Annex was constructed in 1965 and is located at 4747 NW 14th Street, Fort Lauderdale, Florida 33313 (Parcel 196). This property is currently designated as an administrative facility in the 2009-2014 District's Five-Year Educational Plant Survey. However, since 2011, the facility has transitioned to an adult educational facility. The intent of the spot survey is to rectify the inconsistency with its current use. Thereafter, the associated square footage (39,803 sq. ft.) of the facility will be deleted from the total square footage of District administrative facilities.

Also, upon authorization by the School Board to conduct the spot survey, staff will submit the survey to the Florida Department of Education for validation of the 2009-2014 District's Five-Year Educational Plant Survey.
