Project Description	Joe DiMaggio's Children's Hospital serves Broward County Public School students who have chronic medical conditions that require specialized treatments intermittently throughout the school year or for extended periods of time. Some students need to be hospitalized for the full school day even though the medical treatment may require a much shorter period of time to administer. This Agreement allows for instructional flexibility by assigning an onsite teacher to provide the educational services. The instructional and the medical staff coordinate schedules, benefiting the "whole child". Educational software and district approved curriculum materials are utilized to provide the academic coursework. The hospital provides the hardware and internet connections as well as a fully equipped instructional classroom.		
Timeline	The terms of this agreement shall commence on July 1, 2014 and conclude on June 30, 2015.
