EXECUTIVE SUMMARY

Below is an executive summary for Amendment Three to the Agreement between The School Board of Broward County, Florida and Follett Software Company to provide the Destiny Textbook Management System to 179 Middle and Elementary Schools.

Agenda Item	Funding to expand the Destiny Textbook Management System to 179 Middle and Elementary Schools
Requested Action	Requesting approval of Amendment Three to the Agreement
Funding Source	The financial impact to the District is \$387,196.88. The spending authority for this item is on the Hardware/Software budget Board approved on 5/6/14), but is pending approval of the 2014-2015 operating budget. The source of funds is the Information and Technology general fund budget.
Schools Included	179 Middle Schools and Elementary Schools (listed below)
Managing Department/School	STEM & Instructional Resources
Source of Additional Information	Mr. Jose L. Dotres, Chief Academic Officer, Office of Academics, 754-321-2618 Mr. Ed Hine, Director, Business Applications, 754-321-0288 Dr. Jeanine Gendron, Director, STEM & Instructional Resources, 754-321-2630
Project Description	In 2009, the School Board of Broward County entered into a seven-year agreement for the Destiny Library Management system for all schools. This Agreement also provided the Destiny Textbook Manager system for high schools and centers. The implementation of the Destiny Textbook Manager has resulted in better inventory control, ease of material distribution, cost savings and better time management for staff. The Amendment Three will expand the use the Destiny Textbook Manager system to all middle and elementary schools. Over the past three years, BCPS received over \$20 million dollars each year to procure instructional materials in both print and digital formats. The electronic management of these K-12 instructional materials, a significant asset to the district, is essential to effectively distribute, track and inventory these assets. The Destiny Textbook Manager will provide middle schools and elementary schools with real time reports to monitor their print and digital instructional materials inventory and licenses. These reporting features also allow schools to easily create and track textbook obligation and facilitates the transfer of instructional materials between schools caused by enrollment shifts and/or school restructuring. The Destiny Textbook Manager Reports track the value of the instructional materials inventory for schools and for the district and value of lost or stolen books. To meet the requirements of Broward Policy 6.5.00, each school is required to submit an annual inventory of their instructional materials. Using the Destiny Textbook Manager system elementary schools and middle schools will no longer submit their instructional materials inventories as individual spreadsheets. The annual inventories will be documented by a district-generated report, as is the current practice for high schools and centers. The Amendment Three to the Agreement will provide the bar code scanners, initial set of bar code labels, and implementation support to elementary and middle schools. This Third Amendment will allow BCPS to have one, comprehensive system for managing both print and digital instructional materials inventory at all sites.
Evaluation Plan	District reports produced by the Destiny Textbook Manager will be used to determine the overall improvements in inventory control, instructional materials re-distribution caused by enrollment shifts and/or restructuring, and improved time management by school staff. STEM and Instructional Resources will monitor the implementation of the system.

TITLE
Destiny Resource Management Solution – Library and Textbook Management

REQUESTED ACTION:
Approve the Second Amendment to Agreement between SBBC and Follett Software Company for Destiny Resource Management Solution for Library and Textbook Management.

SUMMARY EXPLANATION AND BACKGROUND:
The Second Amendment to the Agreement between The School Board of Broward County, Florida (SBBC) and Follett Software Company will allow SBBC to acquire from Follett additional software licenses, services, and peripherals to support the Destiny Resource Management Solution for a centralized library and textbook management systems for twelve (12) additional SBBC sites.

Follett will offer SBBC the Destiny Resource Management Solution for centralized library and textbook management systems of additional licenses, scanners, barcodes and labels, data services, enriched content subscriptions, maintenance and support and training services at the firm pricing contained herein the Second Amendment throughout the term of the contract via formal SBBC Purchase Orders.

The Agreement(s) have been reviewed and approved as to form and legal content by the School Board Attorney.

SCHOOL BOARD GOALS:
☒ •Goal One: Raise achievement of all students to ensure graduation from high school and readiness for post-secondary education.
☐ •Goal Two: Improve the health and wellness of students and personnel.
☒ •Goal Three: Provide a safe and secure physical and technological environment for all students and employees.
☒ •Goal Four: Promote innovation which focuses on best practices and quality efforts that improve our best-in-class position.
☐ •Goal Five: Recruit, develop, retain, and recognize high performing and diverse faculty and personnel.
☒ •Goal Six: Build strong partnerships with family, business, community and government at the classroom, school, area, and district level.
☐ •Goal Seven: Ensure district's leadership as an environmental steward through innovative ecology and energy conservation programs.

FINANCIAL IMPACT:
The financial impact to provide the twelve (12) additional sites for the centralized library and textbook management system is \$58,422.84. The funding for this Agreement will come from the existing Software/Hardware maintenance budget for Library Resources.

TITLE:
First Amendment to Agreement between The School Board of Broward County, Florida and Follett Software Company for Destiny Resource Management Solution for Library and Textbook Management.

REQUESTED ACTION:
 Approve the First Amendment to Agreement between The School Board of Broward County, Florida (SBBC) and Follett Software Company for Destiny Resource Management Solution for Library and Textbook Management.

SUMMARY/EXPLANATION AND BACKGROUND:
 On July 21, 2009, SBBC entered into an agreement with Follett Software Company to provide Destiny Resource Management Solutions for a centralized library and textbook management system.

This First Amendment to the Agreement between SBBC and Follett Software Company whereas, both parties mutually agree that Section 3.04 Termination, of the Agreement, be deleted and replaced with 3.04 "Funding-Out" Termination - Cancellation which reads: Florida Statutes prohibit School Boards from creating obligations on anticipation of budgeted revenues from one fiscal year to another without year-to-year extension provisions in the agreements. . . . It is necessary that fiscal funding out provisions be included in all contracts in which the terms are for periods of longer than one year. Therefore, the following funding out provisions are an integral part of this Agreement, and must be agreed to by Follett:

- The School Board may, during the Agreement period, terminate or discontinue the items or services covered in this Agreement at the end of the School Board's then current fiscal year upon 30 days prior written notice to the awardee(s).

Such prior written notice will state:

- a. That the lack of appropriated funds is the reason for termination, and
- b. Agreement not to replace the items or services being terminated with items or services with functions similar to those performed by the items or services covered in this Agreement from another vendor in the succeeding funding period.

This written notification will thereafter release the School Board of all further obligations in any way related to such items or services covered herein, except the obligation to pay any remaining unpaid balance for items and services delivered before the time of termination.

The Agreement(s) have been approved as to form and legal content by the School Board Attorney.

SCHOOL BOARD GOALS:

- ☒ • Goal One: Raise achievement of all students to ensure graduation from high school and readiness for post-secondary education.
- ☐ • Goal Two: Improve the health and wellness of students and personnel.
- ☒ • Goal Three: Provide a safe and secure physical and technological environment for all students and employees.
- ☒ • Goal Four: Promote innovation which focuses on best practices and quality efforts that improve our best-in-class position.
- ☐ • Goal Five: Recruit, develop, retain, and recognize high performing and diverse faculty and personnel.
- ☐ • Goal Six: Build strong partnerships with family, business, community and government at the classroom, school, area, and district level.
- ☐ • Goal Seven: Ensure district's leadership as an environmental steward through innovative ecology and energy conservation programs.

FINANCIAL IMPACT:

There is no change to the financial impact of the First Amendment to the Agreement.

Destiny Resource Management Solution - Library and Textbook Management

REQUESTED ACTION:
Approve the Agreement between SBBC and Follett Software Company for Destiny Resource Management Solution for Library and Textbook Management.

SUMMARY EXPLANATION AND BACKGROUND:
This Agreement between SBBC and Follett Software Company provides SBBC with the Destiny Resource Management Solution for a centralized library and textbook management. Follett Software Company will provide the software, services and peripherals to support the solution. The core of the solution consists of several applications and online service components for library and textbook inventory management, including a centralized database and application, cataloging, circulation, inventory, searching, reporting, off-line circulation, online help, online access to a database of over eight million high quality MARC21 records, online access to a database of over 300,000 high quality textbook titles, project management support, onsite training, and on demand eLearning, and technical support.

By entering into this Agreement, the District will upgrade its Library Management System and receive enough Textbook Tracking Software licenses for all high schools at the same costs previously paid for maintenance alone with the prior solution. Typically, software licenses are purchased with a large upfront fee followed by annual maintenance and support. Follett Software Company has agreed to allow the District to purchase the software licenses over a period of seven years to minimize its initial cash outlay. Follett has also agreed to reduce the first payment by \$100,000 to allow the District to cover the purchase of new servers without any additional financial impact on the Total Cost of Ownership. Since the Destiny software is a web-based solution, the computers currently used by the libraries will not require upgrades. If the District were to continue with the prior client based solution, all of the computers in libraries would have needed immediate upgrades.

The Agreement(s) have been approved as to form and legal content by the School Board Attorney.

SCHOOL BOARD GOALS:

- ☒ **Goal One:** Raise achievement of all students to ensure graduation from high school and readiness for post-secondary education.
- ☐ **Goal Two:** Improve the health and wellness of students and personnel.
- ☒ **Goal Three:** Provide a safe and secure physical and technological environment for all students and employees.
- ☒ **Goal Four:** Promote innovation which focuses on best practices and quality efforts that improve our best-in-class position.
- ☐ **Goal Five:** Recruit, develop, retain, and recognize high performing and diverse faculty and personnel.
- ☐ **Goal Six:** Build strong partnerships with family, business, community and government at the classroom, school, area, and district level.
- ☐ **Goal Seven:** Ensure district's leadership as an environmental steward through innovative ecology and energy conservation programs.

FINANCIAL IMPACT:

The first payment for 2009 is \$208,600.53, then payments of \$308,483.53 annually for 2010 through August 2015. The total financial impact to provide the centralized library and textbook management solution for the District is \$2,059,501.69 through August 31, 2015. This includes the acquisition of required licenses, ongoing support and maintenance. The funding for this Agreement will come from the existing Software/Hardware maintenance budget for library resources.
