SUMMARY EXPLANATION AND BACKGROUND:

This agenda item requests approval to utilize The Broward Sheriff's Office Bid #12-29077/JHJ with Motorola to procure the radio equipment. The Broward Sheriff's Office contract with Motorola Solutions, Inc., has the lowest available contract pricing for the APX™ Series Radios.

District sites and offices utilize radios for both daily and emergency operations. As various agencies within Broward County migrate their existing public safety radios systems from an analog to digital platform, we must upgrade our radio equipment to ensure adequate radio communications.

The radio migration is expected to take three years to complete.

This aligns with the District Education Technology Plan (2013-2016) Goal 3: Information Technology (IT) Service Management & Support – Deliver customer-focused technical services and support to all schools and District departments.

This Agreement has been reviewed and approved as to form and legal content by the Office of the General Counsel.

SCHOOL BOARD GOALS:

- Goal 1: High Quality Instruction
- Goal 2: Continuous Improvement
- Goal 3: Effective Communication

FINANCIAL IMPACT:

The estimated financial impact will be \$2,000,000. The funding source is Information & Technology Capital Fund budget. The District is being offered an additional Manufacturer's Promotion Discount of \$116,000 for the initial phase purchase. District staff will continue to capitalize on additional savings through manufacturer incentives where possible.

Public Safety Grade Radio Equipment Motorola Solutions, Inc.

Executive Summary

District departments utilize public safety 800 MHz radios to communicate with the Broward County Government combined radio system. These radios provide both routine and emergency communications. This includes public safety, post hurricane, and other disaster communication with various department within the District and throughout Broward County.

Approximately 14 years ago, Broward County School Board and Broward County Government merged two independent radio systems into one large countywide systems. This resulted in better radio coverage and additional radio capacity for both agencies. The daily operation and management of the radio system is singularly handled by Broward County Government. The current radio system is a Motorola analog trunked 800 MHz system, which is past end of life. Broward County Government and other agencies within the county are making plans to migrate to their current system to a new digital "P25" platform by 2016.

The City of Coral Springs has already made plans and signed a contract to upgrade their current Motorola radio system to the new Motorola "P25" system this summer. As a result, the District's existing radios, including the Broward County Public Schools District Police Department Officers, will not be able to communicate with officers from the City of Coral Springs once this migration is completed. The inability to communicate could result in a potential safety concern for the staff, students, and visitors at the schools in the affected areas.

The Broward Sheriff's Office currently has a bid in place to purchase the Motorola "P25" equipment. Motorola has provided the District a letter verifying Broward Sheriff's Office Bid (#12-29077/JHJ) is the lowest pricing available. The District has decided to utilize this Bid as opposed to creating their own, since the pricing was confirmed by Motorola to be the lowest price available to any district.

Information & Technology with the other District departments are proposing a phased three year approach to replace the existing end-of-life equipment which includes approximately 500 radios. By utilizing a phased approach the District can reduce the annual impact to the Capital Budget. By replacing the existing end-of-life equipment the District will also reduce current cost of maintenance on the old equipment saving approximately \$40,000 annually.

The funds will support the initial phase of the migration from the existing 800MHz radio systems to an alternative solution in collaboration with Broward County Government. This communication platform will provide radio communication services for select District departments engaged in public safety, emergency preparedness, and disaster recovery. Department affected by this budget item include:

1. Broward District Schools Police
2. Physical Plant Operations
3. Safety
4. Risk Management
5. Senior Leadership Team
6. Various District Support Services

The applicable provisions of this Agreement will govern the purchase and sale of the Products and services, notwithstanding any different terms and conditions contained in an order or acknowledgment of an order. Motorola will have no obligation to provide Customer with access to its confidential and proprietary information, including cost and pricing data.

SECTION IX WARRANTY

9.1 EQUIPMENT WARRANTY. From one (1) year from the date of delivery of the Equipment provided by Motorola under this Agreement ("Warranty Period"), Motorola warrants that the Equipment under normal use and service will be free from material defects in materials and workmanship.

9.2 MOTOROLA SOFTWARE WARRANTY. Motorola warrants the Motorola Software solely in accordance with the terms of the Software License Agreement and the provisions of this Section that are applicable to the Motorola Software. BSO hereby accepts and agrees to abide by all of the terms and restrictions of the Software License Agreement. Any Non-Motorola Software is licensed to BSO in accordance with the standard license, terms, and restrictions of the copyright owner on the Effective Date unless the copyright owner has granted to Motorola the right to sublicense the Non-Motorola Software pursuant to the Software License Agreement, in which case it applies and the copyright owner will have all of Licensor's rights and protections under the Software License Agreement. Motorola makes no representations or warranties of any kind regarding Non-Motorola Software. Non-Motorola Software may include open source software. All open source software is licensed to BSO in accordance with, and BSO agrees to abide by, the provisions of the standard license of the copyright owner and not the Software License Agreement. Upon request by BSO, Motorola will use commercially reasonable efforts to determine whether an open source software will be provided under this Agreement; and if so, identify the open source software and provide to BSO a copy of the applicable standard license (or specify where that license may be found); and provide to BSO a copy of the open source software source code if it is publicly available without charge (although a distribution fee or a charge for related services may be applicable).

9.3 SERVICES WARRANTY. During the Warranty Period, Motorola warrants that the services have been performed in a good and workmanlike manner. 9.5 **WARRANTY CLAIMS.** To assert a warranty claim, BSO must notify Motorola in writing of the claim before the expiration of the Warranty Period. Upon receipt of this notice, Motorola will investigate the warranty claim. If this investigation confirms a valid warranty claim, Motorola will (at its option and at no additional charge to SHERIFF) repair the defective Equipment or Motorola Software, replace it with the same or equivalent product, or refund the price of the defective Equipment or Motorola Software. That action will be the full extent of Motorola's liability for the warranty claim. If this investigation indicates the warranty claim is not valid, then Motorola may invoice BSO for responding to the claim on a time and materials basis using Motorola's then current labor rates. Repaired or replaced product is warranted for the balance of the original applicable Warranty Period. All replaced products or parts will become the property of Motorola.

9.6 **ORIGINAL END USER IS COVERED.** These express limited warranties are extended by Motorola to the original user purchasing the Products for commercial, industrial, or governmental use only, and are not assignable or transferable.

9.7 **DISCLAIMER OF OTHER WARRANTIES.** THESE WARRANTIES ARE THE COMPLETE WARRANTIES FOR THE EQUIPMENT AND MOTOROLA SOFTWARE PROVIDE UNDER THIS AGREEMENT AND ARE GIVEN IN LIEU OF ALL OTHER WARRANTIES. MOTOROLA DISCLAIMS ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

SECTION XII SUBCONTRACTORS

Motorola shall not subcontract its rights or obligations under this Agreement, unless prior written approval is received from the BSO. In the event any additional or different subcontractors are required or requested by BSO, or in the event BSO rejects the use of a particular subcontractor, such rejection must be submitted in writing and be based on just and reasonable cause. Any resultant change in contract price and/or schedule shall be mutually agreed upon.

SECTION XIII CRIMINAL HISTORY

13.1 Motorola represents that, to the best of its knowledge and belief, its principal owners, partners, corporate officers, and employees do not have any past felony criminal convictions or any pending criminal charges. Such information, if applicable, would be set forth in Motorola's Annual Report and 10-K filings.

SECTION XIV INDEPENDENT CONTRACTOR

14.1 Motorola has the right to provide services to others or hold itself out to the public as available to engage in agreements with others.

SECTION XV PAYMENT OF TAXES

BSO shall provide Motorola with proof of tax exemption upon execution of this Agreement. Notwithstanding anything to the contrary herein, Motorola shall not be liable for payment of any taxes that are levied against BSO as a result of the purchase, ownership, or use of the Products.

16.1 In the event that either party is in breach of any of terms and conditions of this Agreement, the non-breaching party shall provide written notice of such breach. The breaching party shall have ten (10) days from receipt of such notice to cure any breach under this Agreement. In the event the breaching party fails to cure such breach within the ten (10) day period, the non-breaching party reserves the right to immediately terminate this Agreement for cause.

16.2 BSO reserves the right to terminate this Agreement, without cause, upon providing Motorola with written notice of such termination. BSO agrees to pay Motorola for all Equipment shipped and services rendered prior to the notice of termination.

17.2 Motorola shall not discriminate on the basis of race, age, color, gender, or national origin.

17.3 Motorola agrees that compliance with this Section constitutes a condition to the Agreement, and that it is binding upon Motorola, its successors, transferees, and assignees for the period during which services are provided. Motorola further assures that all subcontractors are not in violation of the terms of the Section.

18.4. Required Disclosure. If a recipient is required to disclose Confidential Information pursuant to applicable law, statute, or regulation, or court order, the recipient will give to the discloser prompt written notice of the request and a reasonable opportunity to object to such disclosure and seek a protective order or appropriate remedy. If, in the absence of a protective order, the recipient determines, upon the advice of counsel, that it is required to disclose such information, it may disclose only Confidential Information specifically required and only to the extent required to do so.

No license, express or implied, in the Confidential Information is granted other than to use the Confidential Information in the manner and to the extent authorized by this Agreement. The discloser warrants that it is authorized to disclose any Confidential Information it discloses pursuant to this Agreement.

SECTION XIX PRESERVATION OF PROPRIETARY RIGHTS

Motorola, the third party manufacturer of any Equipment, and the copyright owner of any Non-Motorola Software own and retain all of their respective Proprietary Rights in the Equipment and Software, and nothing in this Agreement is intended to restrict their Proprietary Rights. All intellectual property developed, originated, or prepared by Motorola in connection with providing to BSO the Equipment, Software, or related services remain vested exclusively in Motorola, and this Agreement does not grant to BSO any shared development rights of intellectual property. Except as explicitly provided in the Software License Agreement, Motorola does not grant to BSO, either directly or by implication, estoppels, or otherwise, any right, title or interest in Motorola's Proprietary Rights. BSO will not modify, disassemble, peel components, decompile, otherwise reverse engineer or attempt to reverse engineer, derive source code or create derivative works from, adapt, translate, merge with other software, reproduce, or export the Software, or permit or encourage any third party to do so. The preceding sentence does not apply to open source software which is governed by the standard license of the copyright owner.

SECTION XX INDEMNIFICATION

20.1 GENERAL INDEMNITY BY MOTOROLA. Motorola will indemnify, hold harmless and defend BSO, his officers and employees from any and all liability, expense, judgment, suit, cause of action, or demand from personal injury, death, or direct damage to tangible property which may accrue against BSO to the extent it is caused by the negligent acts or omissions or willful misconduct of Motorola, its subcontractors, or their employees or agents. The BSO agrees to give Motorola prompt, written notice of any claim or suit. BSO will cooperate with Motorola in its defense or settlement of the claim or suit. This section sets forth the full extent of Motorola's general indemnification of BSO from liabilities that are in any way related to Motorola's performance under this Agreement.

20.2 INFRINGEMENT CLAIM INDEMNIFICATION. Motorola will defend at its expense any suit brought against BSO to the extent that it is based on an Infringement Claim, and Motorola will indemnify BSO for those costs and damages finally awarded against BSO for an Infringement Claim. Motorola's duties to defend and indemnify are conditioned upon BSO promptly notifying Motorola in writing of the Infringement Claim; Motorola having sole control of the defense of the suit and all negotiations for its settlement or compromise; and BSO providing to Motorola cooperation and, if requested by Motorola, reasonable assistance in the defense of the Infringement Claim.

20.3 If an Infringement Claim occurs, or in Motorola's opinion is likely to occur, Motorola may at its option and expense, procure for BSO the right to continue using the Equipment or Motorola Software, replace or modify it so that it becomes non-infringing while providing functionally equivalent performance, or grant BSO a credit for the Equipment or Motorola Software as depreciated and accept its return. The depreciation amount will be calculated based upon generally accepted accounting standards for such Equipment and Motorola Software.

20.4 Motorola will have no duty to defend or indemnify for any Infringement Claim that is based upon the combination of the Equipment or Motorola Software with any software, apparatus or device not furnished by Motorola; the use of ancillary equipment or software not furnished by Motorola and that is attached to or used in connection with the Equipment or Motorola Software; any Equipment that is not Motorola's design or formula; a modification of the Motorola Software by a party other than Motorola; or the failure by BSO to install an enhancement release to the Motorola Software that is intended to correct the claimed infringement. The foregoing states the entire liability of Motorola with respect to infringement of patents and copyrights by the Equipment, Motorola Software, and any of their parts.

SECTION XXX LIMITATION OF LIABILITY

Except for personal injury or death, Motorola's total liability, whether for breach of contract, warranty, negligence, strict liability in tort, indemnification, or otherwise, will be limited to the direct damages recoverable under law, but not to exceed the price of the Equipment, Software, or services with respect to which losses or damages are claimed. ALTHOUGH THE PARTIES ACKNOWLEDGE THE POSSIBILITY OF SUCH LOSSES OR DAMAGES, THEY AGREE THAT MOTOROLA WILL NOT BE LIABLE FOR ANY COMMERCIAL LOSS; INCONVENIENCE; LOSS OF USE, TIME, DATA, GOOD WILL, REVENUES, PROFITS OR SAVINGS; OR OTHER SPECIAL, INCIDENTAL, INDIRECT, OR CONSEQUENTIAL DAMAGES IN ANY WAY RELATED TO OR ARISING FROM THIS AGREEMENT, THE SALE OR USE OF THE EQUIPMENT OR SOFTWARE, OR THE PERFORMANCE OF SERVICES BY MOTOROLA PURSUANT TO THE AGREEMENT. These Maintenance Service Terms and Conditions (Maintenance) apply to services whereby Motorola will provide to Customer either (1) maintenance, support, or other post warranty services, or (2) installation services under a Motorola Installation Agreement, as described in detail in the associated statement of work for Maintenance. At Customer's request, Motorola may also provide additional services at Motorola's then-applicable rates for the services.

31.1 Motorola parts or parts of equal quality will be used; the Equipment will be serviced at levels set forth in the manufacturer's product manuals; and routine service procedures that are prescribed by Motorola will be followed.

31.2 If Customer purchases from Motorola additional equipment that becomes part of the same system as the initial Equipment, the additional equipment may be added to this Agreement and will be billed at the applicable rates after the warranty for that additional equipment expires.

31.3 All Equipment must be in good working order on the Start Date or when additional equipment is added to the Agreement. Upon reasonable request by Motorola, Customer will provide a complete serial and model number list of the Equipment. Customer must promptly notify Motorola in writing when any Equipment is lost, damaged, stolen, or taken out of service. Customer's obligation to pay Service fees for this Equipment will terminate at the end of the month in which Motorola receives the written notice.

31.4 Customer must specifically identify any Equipment that is labeled intrinsically safe for use in hazardous environments.

31.5. If Equipment cannot, in Motorola's reasonable opinion, be properly or economically serviced for any reason, Motorola may modify the scope of Services related to that Equipment; remove that Equipment from the Agreement; or increase the price to Service that Equipment.

31.6 Customer must promptly notify Motorola of any Equipment failure. Motorola will respond to Customer's notification in a manner consistent with the level of Service purchased as indicated in this Agreement.

31.7 EXCLUDED SERVICES. Service excludes the repair or replacement of Equipment that has become defective or damaged from use in other than the normal, customary, intended, and authorized manner; use not in compliance with applicable industry standards; excessive wear and tear; or accident, liquids, power surges, neglect, acts of God or other force majeure events. Unless specifically included in this Agreement, Service excludes items that are consumed in the normal operation of the Equipment, such as batteries or magnetic tapes.; upgrading or reprogramming Equipment; accessories, belt clips, battery chargers, custom or special products, modified units, or software; and repair or maintenance of any transmission line, antenna, microwave equipment, tower or tower lighting, duplexer, combiner, or multi-coupler. Motorola has no obligations for any transmission medium, such as telephone lines, computer networks, the internet or the worldwide web, or for Equipment malfunction caused by the transmission medium.

31.8 TIME AND PLACE OF SERVICE. Service will be provided at the location specified in this Agreement. When Motorola performs service at Customer's location, Customer will provide Motorola, at no charge, a non-hazardous work environment with adequate shelter, heat, light, and power and with full and free access to the Equipment. Waivers of liability from Motorola or its subcontractors will not be imposed as a site access requirement. Customer will provide all information pertaining to the hardware and software elements of any system with which the Equipment is interfacing so that Motorola may perform its Services. Unless otherwise stated in this Agreement, the hours of Service will be 8:30 a.m. to 4:30 p.m., local time, excluding weekends and holidays. Unless otherwise stated in this Agreement, the price for the Services exclude any charges or expenses associated with helicopter or other unusual access requirements; if these charges or expenses are reasonably incurred by Motorola and consented to by Customer in rendering the Services, Customer agrees to reimburse Motorola for those charges and expenses.

31.9 CUSTOMER Contact. Customer will provide Motorola with designated points of contact (list of names and phone numbers) that will be available twenty-four (24) hours per day, seven (7) days per week, and an escalation procedure to enable Customer's personnel to maintain contact, as needed, with Motorola.

31.10 PAYMENT. Unless alternative payment terms are stated in this Agreement, Motorola will invoice Customer in advance for each payment period. All other charges will be billed monthly, and Customer must pay each invoice in U.S. dollars within thirty (30) days of the invoice date. Customer will reimburse Motorola for all legally imposed property taxes, sales and use taxes, excise taxes, and other legally imposed taxes or assessments that are levied as a result of Services rendered under this Agreement (except income, profit, and franchise taxes of Motorola) by any governmental entity.

31.11 TERMINATION of Maintenance. Any termination of Maintenance will not relieve either party of obligations previously incurred pursuant to this Section 31, including payments which may be due and owing at the time of termination. All sums owed by Customer to Motorola will become due and payable immediately upon termination of Maintenance. Upon the effective date of termination, Motorola will have no further obligation to provide Services.

31.12 LIMITATION OF LIABILITY. Except for personal injury or death, Motorola's total liability, whether for breach of contract, warranty, negligence, strict liability in tort, or otherwise, will be limited to the direct damages recoverable under law, but not to exceed the price of twelve (12) months of Service provided under this Agreement. ALTHOUGH THE PARTIES ACKNOWLEDGE THE POSSIBILITY OF SUCH LOSSES OR DAMAGES, THEY AGREE THAT MOTOROLA WILL NOT be liable for any consequential damages IN ANY WAY RELATED TO OR ARISING FROM THIS AGREEMENT OR THE PERFORMANCE OF SERVICES BY MOTOROLA PURSUANT TO THIS AGREEMENT. No action for contract breach or otherwise relating to the transactions contemplated by this Agreement may be brought more than one (1) year after the accrual of the cause of action, except for money due upon an open account. This limitation of liability will survive the expiration or termination of this Agreement and applies notwithstanding any contrary provision.

31.13 EXCLUSIVE TERMS AND CONDITION. This Agreement supersedes all prior and concurrent agreements and understandings between the parties, whether written or oral, related to Maintenance, and there are no agreements or representations concerning the subject matter of this Agreement except for those expressed herein. The Agreement may not be amended or modified except by a written agreement signed by authorized representatives of both parties.

31.14 Customer agrees to reference this Agreement on any purchase order issued in furtherance of Maintenance; however, an omission of the reference to this Agreement will not affect its applicability. In no event will either party be bound by any terms contained in a Customer purchase order, acknowledgement, or other writings unless: the purchase order, acknowledgement, or other writing specifically refers to this Agreement; clearly indicate the intention of both parties to override and modify this Agreement; and the purchase order, acknowledgement, or other writing is signed by authorized representatives of both parties.

31.15 COVENANT NOT TO EMPLOY. During the term of this Agreement and continuing for a period of two (2) years thereafter, Customer will not hire, engage on contract, solicit the employment of, or recommend employment to any third party of any employee of Motorola or its subcontractors without the prior written authorization of Motorola. This provision applies only to those employees of Motorola or its subcontractors who are responsible for rendering services under this Agreement. If this provision is found to be overly broad under applicable law, it will be modified as necessary to conform to applicable law.

31.16 MATERIALS, TOOLS AND EQUIPMENT. All tools, equipment, dies, gauges, models, drawings or other materials paid for or furnished by Motorola for the purpose of this Agreement will be and remain the sole property of Motorola. Customer will safeguard all such property while it is in Customer's custody or control, be liable for any loss or damage to this property, and return it to Motorola upon request. This property will be held by Customer for Motorola's use without charge and may be removed from Customer's premises by Motorola at any time without restriction.

31.17 At the anniversary date, Motorola may adjust the price of the Services to reflect its current rates.

31.18 If Motorola provides Services after the termination or expiration of this Agreement, the terms and conditions in effect at the time of the termination or expiration will apply to those Services and Customer agrees to pay for those services on a time and materials basis at Motorola's then effective hourly rates.

SECTION XXXII MISCELLANEOUS

32.3 The preparation of this Agreement has been a joint effort of the parties and the resulting document shall not solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

32.6 The headings contained in this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of the Agreement. Terms such as "herein," "hereof," "hereunder," and "hereinafter" refer to this Agreement as a whole and not to any particular sentence, paragraph, or section where they appear, unless the context otherwise requires. Whenever reference is made to a Section or Article of this Agreement, such reference is to the Section or Articles as a whole, including all of the subsections of such Section, unless the reference is made to a particular subsection or subparagraph of such Section or Article.

Exhibit A Software License Agreement

This Exhibit A Software License Agreement ("Agreement") is between Motorola Solutions, Inc. ("Motorola"), and the Broward County Sheriff's Office ("Licensee"). For good and valuable consideration, the parties agree as follows:

Section 1 DEFINITIONS

1.1 "Designated Products" means products provided by Motorola to Licensee with which or for which the Software and Documentation is licensed for use.

1.2 "Documentation" means product and software documentation that specifies technical and performance features and capabilities, and the user, operation and training manuals for the Software (including all physical or electronic media upon which such information is provided).

1.3 "Open Source Software" means software with either freely obtainable source code, license for modification, or permission for free distribution.

1.4 "Open Source Software License" means the terms or conditions under which the Open Source Software is licensed.

1.5 "Primary Agreement" means the agreement to which this exhibit is attached.

1.6 "Security Vulnerability" means a flaw or weakness in system security procedures, design, implementation, or internal controls that could be exercised (accidentally triggered or intentionally exploited) and result in a security breach such that data is compromised, manipulated or stolen or the system damaged.

1.7 "Software" (i) means proprietary software in object code format, and adaptations, translations, de-compilations, disassemblies, emulations, or derivative works of such software; (ii) means any modifications, enhancements, new versions and new releases of the software provided by Motorola; and (iii) may contain one or more items of software owned by a third party supplier. The term "Software" does not include any third party software provided under separate license or third party software not licensable under the terms of this Agreement.

Section 2 SCOPE

Motorola and Licensee enter into this Agreement in connection with Motorola's delivery of certain proprietary Software or products containing embedded or pre-loaded proprietary Software, or both. This Agreement contains the terms and conditions of the license Motorola is providing to Licensee, and Licensee's use of the Software and Documentation.

Section 3 GRANT OF LICENSE

3.1. Subject to the provisions of this Agreement and the payment of applicable license fees, Motorola grants to Licensee a personal, limited, non-transferable (except as permitted in Section 7) and non-exclusive license under Motorola's copyrights and Confidential Information (as defined in the Primary Agreement) embodied in the Software to use the Software, in object code form, and the Documentation solely in connection with Licensee's use of the Designated Products. This Agreement does not grant any rights to source code.

3.2. If the Software licensed under this Agreement contains or is derived from Open Source Software, the terms and conditions governing the use of such Open Source Software are in the Open Source Software Licenses of the copyright owner and not this Agreement. If there is a conflict between the terms and conditions of this Agreement and the terms and conditions of the Open Source Software Licenses governing Licensee's use of the Open Source Software, the terms and conditions of the license grant of the applicable Open Source Software Licenses will take precedence over the license grants in this Agreement. If requested by Licensee, Motorola will use commercially reasonable efforts to: (i) determine whether any Open Source Software is provided under this Agreement; (ii) identify the Open Source Software and provide Licensee a copy of the applicable Open Source Software License (or specify where that license may be found); and, (iii) provide Licensee a copy of the Open Source Software source code, without charge, if it is publicly available (although distribution fees may be applicable).

Section 4 LIMITATIONS ON USE

4.1. Licensee may use the Software only for Licensee's internal business purposes and only in accordance with the Documentation. Any other use of the Software is strictly prohibited. Without limiting the general nature of these restrictions, Licensee will not make the Software available for use by third parties on a "time sharing", "application service provider," or "service bureau" basis or for any other similar commercial rental or sharing arrangement.

4.2. Licensee will not, and will not allow or enable any third party to: (i) reverse engineer, disassemble, peel components, decompile, reprogram or otherwise reduce the Software or any portion to a human perceptible form or otherwise attempt to recreate the source code; (ii) modify, adapt, create derivative works of, or merge the Software; (iii) copy, reproduce, distribute, lend, or lease the Software or Documentation to any third party, grant any sublicense or other rights in the Software or Documentation to any third party, or take any action that would cause the Software or Documentation to be placed in the public domain; (iv) remove, or in any way alter or obscure, any copyright notice or other notice of Motorola's proprietary rights; (v) provide, copy, transmit, disclose, divulge or make the Software or Documentation available to, or permit the use of the Software by any third party or on any machine except as expressly authorized by this Agreement; or (vi) use, or permit the use of, the Software in a manner that would result in the production of a copy of the Software solely by activating a machine containing the Software. Licensee may make one copy of Software to be used solely for archival, back-up, or disaster recovery purposes; provided that Licensee may not operate that copy of the Software at the same time as the original Software is being operated. Licensee may make as many copies of the Documentation as it may reasonably require for the internal use of the Software.

4.3. Unless otherwise authorized by Motorola in writing, Licensee will not, and will not enable or allow any third party to: (i) install a licensed copy of the Software on more than one unit of a Designated Product; or (ii) copy onto or transfer Software installed in one unit of a Designated Product onto one other device. Licensee may temporarily transfer Software installed on a Designated Product to another device if the Designated Product is inoperable or malfunctioning, if Licensee provides written notice to Motorola of the temporary transfer and identifies the device on which the Software is transferred. Temporary transfer of the Software to another device must be discontinued when the original Designated Product is returned to operation and the Software must be removed from the other device. Licensee must provide prompt written notice to Motorola at the time temporary transfer is discontinued.

4.4. When using Motorola's Radio Service Software ("RSS"), Licensee must purchase a separate license for each location at which Licensee uses RSS. Licensee's use of RSS at a licensed location does not entitle Licensee to use or access RSS remotely. Licensee may make one copy of RSS for each licensed location. Licensee shall provide Motorola with a list of all locations at which Licensee uses or intends to use RSS upon Motorola's request.

4.5. Licensee will maintain, during the term of this Agreement and for a period of two years thereafter, accurate records relating to this license grant to verify compliance with this Agreement. Motorola or an independent third party ("Auditor") may inspect Licensee's premises, books and records, upon reasonable prior notice to Licensee, during Licensee's normal business hours and subject to Licensee's facility and security regulations. Motorola is responsible for the payment of all expenses and costs of the Auditor. Any information obtained by Motorola and the Auditor will be kept in strict confidence by Motorola and the Auditor and used solely for the purpose of verifying Licensee's compliance with the terms of this Agreement.

Section 5 OWNERSHIP AND TITLE

Motorola, its licensors, and its suppliers retain all of their proprietary rights in any form in and to the Software and Documentation, including, but not limited to, all rights in patents, patent applications, inventions, copyrights, trademarks, trade secrets, trade names, and other proprietary rights in or relating to the Software and Documentation (including any corrections, bug fixes, enhancements, updates, modifications, adaptations, translations, de-compilations, disassemblies, emulations to or derivative works from the Software or Documentation, whether made by Motorola or another party, or any improvements that result from Motorola's processes or, provision of information services). No rights are granted to Licensee under this Agreement by implication, estoppel or otherwise, except for those rights which are expressly granted to Licensee in this Agreement. All intellectual property developed, originated, or prepared by Motorola in connection with providing the Software, Designated Products, Documentation or related services, remains vested exclusively in Motorola, and Licensee will not have any shared development or other intellectual property rights.

Section 6 LIMITED WARRANTY; DISCLAIMER OF WARRANTY

6.1. The commencement date and the term of the Software warranty will be a period of ninety (90) days from Motorola's shipment of the Software (the "Warranty Period"). If Licensee is not in breach of any of its obligations under this Agreement, Motorola warrants that the unmodified Software, when used properly and in accordance with the Documentation and this Agreement, will be free from a reproducible defect that eliminates the functionality or successful operation of a feature critical to the primary functionality or successful operation of the Software. Whether a defect occurs will be determined by Motorola solely with reference to the Documentation. Motorola does not warrant that Licensee's use of the Software or the Designated Products will be uninterrupted, error-free, completely free of Security Vulnerabilities, or that the Software or the Designated Products will meet Licensee's particular requirements. Motorola makes no representations or warranties with respect to any third party software included in the Software.

6.2 Motorola's sole obligation to Licensee and Licensee's exclusive remedy under this warranty is to use reasonable efforts to remedy any material Software defect covered by this warranty. These efforts will involve either replacing the media or attempting to correct significant, demonstrable program or documentation errors or Security Vulnerabilities. If Motorola cannot correct the defect within a reasonable time, then at Motorola's option, Motorola will replace the defective Software with functionally-equivalent Software, license to Licensee substitute Software which will accomplish the same objective, or terminate the license and refund the Licensee's paid license fee.

6.3. Warranty claims are described in the Primary Agreement.

6.4. The express warranties set forth in this Section 6 are in lieu of, and Motorola disclaims, any and all other warranties (express or implied, oral or written) with respect to the Software or Documentation, including, without limitation, any and all implied warranties of condition, title, non-infringement, merchantability, or fitness for a particular purpose or use by Licensee (whether or not Motorola knows, has reason to know, has been advised, or is otherwise aware of any such purpose or use), whether arising by law, by reason of custom or usage of trade, or by course of dealing. In addition, Motorola disclaims any warranty to any person other than Licensee with respect to the Software or Documentation.

Section 7 TRANSFERS

Licensee will not transfer the Software or Documentation to any third party without Motorola's prior written consent. Motorola's consent may be withheld at its discretion and may be conditioned upon transferee paying all applicable license fees and agreeing to be bound by this Agreement. If the Designated Products are Motorola's radio products and Licensee transfers ownership of the Motorola radio products to a third party, Licensee may assign its right to use the Software (other than RSS and Motorola's FLASHport® software) which is embedded in or furnished for use with the radio products and the related Documentation; provided that Licensee transfers all copies of the Software and Documentation to the transferee, and Licensee and the transferee sign a transfer form to be provided by Motorola upon request, obligating the transferee to be bound by this Agreement.

Section 8 TERM AND TERMINATION

8.1 Licensee's right to use the Software and Documentation will begin when the Primary Agreement is signed by both parties and will continue for the life of the Designated Products with which or for which the Software and Documentation have been provided by Motorola, unless Licensee breaches this Agreement, in which case this Agreement and Licensee's right to use the Software and Documentation may be terminated immediately upon notice by Motorola.

8.2 Within thirty (30) days after termination of this Agreement, Licensee must certify in writing to Motorola that all copies of the Software have been removed or deleted from the Designated Products and that all copies of the Software and Documentation have been returned to Motorola or destroyed by Licensee and are no longer in use by Licensee.

8.3 Licensee acknowledges that Motorola made a considerable investment of resources in the development, marketing, and distribution of the Software and Documentation and that Licensee's breach of this Agreement will result in irreparable harm to Motorola for which monetary damages would be inadequate. If Licensee breaches this Agreement, Motorola may terminate this Agreement and be entitled to all available remedies at law or in equity (including immediate injunctive relief and repossession of all non-embedded Software and associated Documentation unless Licensee is a Federal agency of the United States Government).

Section 9 UNITED STATES GOVERNMENT LICENSING PROVISIONS

This Section applies if Licensee is the United States Government or a United States Government agency. Licensee's use, duplication or disclosure of the Software and Documentation under Motorola's copyrights or trade secret rights is subject to the restrictions set forth in subparagraphs (c)(1) and (2) of the Commercial Computer Software-Restricted Rights clause at FAR 52.227-19 (JUNE 1987), if applicable, unless they are being provided to the Department of Defense. If the Software and Documentation are being provided to the Department of Defense, Licensee's use, duplication, or disclosure of the Software and Documentation is subject to the restricted rights set forth in subparagraph (c)(1)(ii) of the Rights in Technical Data and Computer Software clause at DFARS 252.227-7013 (OCT 1988), if applicable. The Software and Documentation may or may not include a Restricted Rights notice, or other notice referring to this Agreement. The provisions of this Agreement will continue to apply, but only to the extent that they are consistent with the rights provided to the Licensee under the provisions of the FAR or DFARS mentioned above, as applicable to the particular procuring agency and procurement transaction.

Section 10 CONFIDENTIALITY

Licensee acknowledges that the Software and Documentation contain Motorola's valuable proprietary and Confidential Information and are Motorola's trade secrets, and that the provisions in the Primary Agreement concerning Confidential Information apply.

Section 11 LIMITATION OF LIABILITY

The Limitation of Liability provision is described in the Primary Agreement.

Section 12 NOTICES

Notices are described in the Primary Agreement.

Section 13 GENERAL

13.1. **COPYRIGHT NOTICES.** The existence of a copyright notice on the Software will not be construed as an admission or presumption of publication of the Software or public disclosure of any trade secrets associated with the Software.

13.2. **COMPLIANCE WITH LAWS.** Licensee acknowledges that the Software is subject to the laws and regulations of the United States and Licensee will comply with all applicable laws and regulations, including export laws and regulations of the United States. Licensee will not, without the prior authorization of Motorola and the appropriate governmental authority of the United States, in any form export or re-export, sell or resell, ship or reship, or divert, through direct or indirect means, any item or technical data or direct or indirect products sold or otherwise furnished to any person within any territory for which the United States Government or any of its agencies at the time of the action, requires an export license or other governmental approval. Violation of this provision is a material breach of this Agreement.

13.3. **ASSIGNMENTS AND SUBCONTRACTING.** Motorola may assign its rights or subcontract its obligations under this Agreement, or encumber or sell its rights in any Software, without prior notice to or consent of Licensee.

13.4. **GOVERNING LAW.** This Agreement is governed by the laws of the United States to the extent that they apply and otherwise by the internal substantive laws of the State to which the Software is shipped if Licensee is a sovereign government entity, or the internal substantive laws of the State of Illinois if Licensee is not a sovereign government entity. The terms of the U.N. Convention on Contracts for the International Sale of Goods do not apply. In the event that the Uniform Computer Information Transaction Act, any version of this Act, or a substantially similar law (collectively "UCITA") becomes applicable to a party's performance under this Agreement, UCITA does not govern any aspect of this Agreement or any license granted under this Agreement, or any of the parties' rights or obligations under this Agreement. The governing law will be that in effect prior to the applicability of UCITA.

13.5. **THIRD PARTY BENEFICIARIES.** This Agreement is entered into solely for the benefit of Motorola and Licensee. No third party has the right to make any claim or assert any right under this Agreement, and no third party is deemed a beneficiary of this Agreement. Notwithstanding the foregoing, any licensor or supplier of third party software included in the Software will be a direct and intended third party beneficiary of this Agreement.

13.6. **SURVIVAL.** Sections 4, 5, 6.3, 7, 8, 9, 10, 11, and 13 survive the termination of this Agreement.

13.7. **ORDER OF PRECEDENCE.** In the event of inconsistencies between this Exhibit and the Primary Agreement, the parties agree that this Exhibit prevails, only with respect to the specific subject matter of this Exhibit, and not the Primary Agreement or any other exhibit as it applies to any other subject matter.

13.8. **SECURITY.** Motorola uses reasonable means in the design and writing of its own Software and the acquisition of third party Software to limit Security Vulnerabilities. While no software can be guaranteed to be free from Security Vulnerabilities, if a Security Vulnerability is discovered, Motorola will take the steps set forth in Section 6 of this Agreement.

Drug-Free Workforce & Smoke-Free Workplace

Statement of Policy

Motorola Solutions policy explicitly prohibits the unlawful possession, use, purchase, sale, dispensation, distribution, transfer, or manufacture of drugs or other controlled substances, or the abuse of alcohol, while on Motorola Solutions premises or while conducting Motorola Solutions business off Motorola Solutions premises. Employees should report to work fit for duty and free of any adverse effects of illegal drugs or alcohol. In addition, employees may smoke in designated smoking areas only. Violations of this Policy may result in disciplinary action, up to and including termination of employment, and may have legal consequences.

Scope

All Motorola Solutions employees based at locations within the United States.

Application

Motorola Solutions complies with the Drug-Free Workplace Act, applicable regulations of government agencies (including regulations promulgated by the Department of Transportation), and other federal, state and local laws and regulations. All employees and applicants for employment are advised, in writing, of our Drug-Free Workforce and Smoke-Free Workplace Policy.

Drug and/or alcohol testing is conducted in accordance with applicable law(s).

Circumstances that Require Drug and/or Alcohol Testing

1. *Pre-Employment Drug Testing.* All applicants for employment must take and pass a drug test before they receive an unconditional offer of employment and/or begin working for Motorola Solutions. Applicants who refuse to cooperate in a drug test, or who do not pass a drug test, will be ineligible for hire and employment with Motorola Solutions at that time and cannot re-apply for a position with Motorola Solutions for a period of six months following the date of their drug test.
2. *For-Cause Drug and Alcohol Testing.* Motorola Solutions may require that an employee take a drug and/or alcohol test when Motorola Solutions has reasonable suspicion, based on specific observable facts or behaviors, that an employee may be under the influence of drugs or alcohol, or has been using drugs or alcohol while he/she is working, on Motorola Solutions premises, operating a Motorola Solutions vehicle, machinery, or equipment or present in any other location performing services for Motorola Solutions. The observer(s) will document the specific observed facts or behaviors that support the reasonable suspicion. Failure to cooperate or otherwise take a requested for-cause test will result in termination of employment.
 - a. *Post Accident Testing.* Motorola Solutions may require an employee to take a drug and/or alcohol test when Motorola Solutions reasonably believes the employee may have contributed to or caused a work-related accident that results in serious bodily injury to a person and/or significant damage to Motorola Solutions property. The drug and/or alcohol test shall be administered as soon as practicable following the accident.
3. *Customer-Mandated Drug and Alcohol Testing.* Motorola Solutions may require an employee to take a drug and/or alcohol test when such a test is mandated by a Motorola Solutions customer as part of a contract. Failure to cooperate or otherwise take a customer-mandated test will result in the immediate removal of the employee from the customer project he/she is supporting and may result in further action being taken against the employee.
4. *Random Drug Testing and Alcohol Testing.* For employees in safety-sensitive positions, Motorola Solutions may randomly test for drugs and/or alcohol in accordance with procedures developed by Motorola Solutions for those specific categories of employees.

Consequences of Positive Drug and/or Alcohol Test Result or Other Violation of this Policy

Except for Pre-Employment Drug Testing, the first time an employee does not pass a drug test and/or tests positive for alcohol, he/she will be referred to the Employee Assistance Program (EAP) and must comply with any conditions set by the EAP Consultant ("counseling program"). Failure to comply with any conditions set forth in the counseling program will result in termination of employment. As determined by the EAP Consultant and Motorola Solutions, an employee in a counseling program must pass a return-to-duty test for drugs or alcohol (or both) before returning to work. Additionally, an employee who successfully completes a counseling program must submit to follow-up testing for drugs or alcohol (or both) at times and frequencies determined by Motorola Solutions for a period of up to two (2) years following successful completion of the counseling program. An employee who does not pass a second requested drug and/or alcohol test, or does not pass a return-to-duty or any subsequent follow-up test, may be terminated. Discipline for actions of an employee while under the influence of drugs and/or alcohol, for possession, use, purchase, sale, dispensation, distribution, transfer or manufacture of drugs or other controlled substances, and/or for violations of smoking restrictions will be handled under Motorola Solutions's Progressive Discipline Policy.

Testing Procedures

Alcohol Collection and Testing Procedures

Except where precluded by applicable law, Motorola Solutions will follow the procedures set forth below:

1. Employees subject to alcohol testing will be required to sign a written consent form in which they consent to and authorize testing.
2. Employees will be sent to a Motorola Solutions designated collection site where they will be required to verify their identity and cooperate in the site's normal specimen collection procedures.
3. The collection and testing will be conducted, in private, by a trained technician who will use approved testing devices and testing forms. Chain of custody procedures will be maintained from collection to the time specimen(s) may be discarded so as to ensure proper identification, labeling, record keeping, handling, and testing of specimen(s).
4. A screening test will be conducted first. If an employee's screen test result is less than .02, the employee will have passed the test.
5. If the employee's measured alcohol concentration is .02 or more, the employee will be required to take a confirmation test. The results of the

- confirmation test, not the screen test, are determinative. If the employee's confirmation test result is less than .04, the employee will have passed the test. If the employee's confirmation test result is .04 or more, the employee will have tested positive for alcohol.
- The technician will notify Motorola Solutions of the employee's test result in a confidential manner.

Drug Collection and Testing Procedures

Except where precluded by applicable law, Motorola Solutions will follow the procedures set forth below:

- Applicants and employees subject to drug testing will be required to sign a written consent form in which they consent to and authorize testing.
- Applicants and employees will be sent to a Motorola Solutions designated collection site where they will be required to verify their identity and otherwise cooperate in the site's normal specimen collection procedures. Applicants and employees will have the opportunity to disclose any over-the-counter or prescribed medications that they are using or have recently used, or any other information, medical or otherwise, that they think may be relevant to the testing.
- Specimens will be collected, in private, by a trained collection site person who will use approved collection containers and custody and control forms. Chain of custody procedures will be maintained from collection to the time specimen(s) may be discarded so as to ensure proper identification, labeling, record keeping, handling, and testing of specimen(s).
- Collected specimens will be tested by a certified laboratory. The laboratory will test specimens for marijuana, cocaine, opiates, amphetamines, and phencyclidine (PCP) (and such other controlled substances as may be dictated by the circumstances in accordance with the requirements of applicable law). The laboratory will first conduct a screen on the specimen. If the screen test is negative, the laboratory will report to Motorola Solutions that the applicant or employee has passed the drug test. If the screen test is positive, the laboratory will analyze the applicant's or employee's specimen using gas chromatography/mass spectrometry. The laboratory will send the test results to the MRO.
- The MRO is responsible for ensuring the accuracy and integrity of the drug testing process. If an applicant or employee has a confirmed positive, adulterated, substituted, or invalid drug test result, the MRO will contact the applicant or employee by telephone via the information provided by the applicant or employee on the custody and control form. Applicants and employees must promptly cooperate with the MRO.
- The MRO will advise Motorola Solutions if an applicant or employee has passed or failed the test, refused to cooperate, if a specimen is dilute, or if a test should be canceled. If the MRO determines that there is a legitimate medical explanation for a positive, adulterated, or substituted test result, the MRO will report a verified negative test result to Motorola Solutions. If the applicant or employee does not provide a legitimate medical explanation for a positive test result, the MRO will verify the test result as positive. If the applicant or employee does not provide a legitimate medical explanation for an adulterated or substituted test result, the MRO will report to Motorola Solutions that the applicant or employee has refused to take a drug test. Invalid test results will be canceled and, depending on the circumstances, may subject an applicant or employee to additional testing.
- Motorola Solutions will advise applicants and employees of their rights, if any, to have their same specimens retested or their split specimens tested by a certified laboratory.

Appeal Procedures

Employees or applicants may appeal a MRO verified positive, adulterated, or substituted test result by submitting a sealed, written appeal letter to the Motorola Solutions Drug and Alcohol Program Manager within ten (10) business days of notice of their results. This letter should explain the basis of the appeal and the material facts supporting the appeal.

Upon receipt of the appeal letter by the Motorola Solutions Drug and Alcohol Program Manager, the appeal will be thoroughly investigated and considered. The employee/applicant will be notified of the final decision in writing within ten (10) business days of the Motorola Solutions Drug and Alcohol Program Manager's receipt of the appeal.

Confidentiality of Records

Records relating to drug and/or alcohol testing are maintained and protected in accordance with legal requirements and our standards for privacy and confidentiality of personal health information. Copies of all records relating to test results and other information relating to the testing process may be requested by the employee or applicant.

Inspections

Motorola Solutions reserves the right to inspect all parts and aspects of its premises for illegal drugs, alcohol, or other contraband. All employees and visitors may be asked to cooperate in inspections of their persons, work areas, and property (such as purses, lunch boxes, water coolers, thermos bottles, flasks, briefcases, desks, cabinets, or lockers) that may conceal illegal drugs, alcohol, or other contraband.

Crimes Involving Drugs

Employees who are convicted of, plead guilty to (including a plea of nolo contendere or no contest), or are sentenced for a crime involving illegal drugs must report the conviction, plea or sentence to their supervisors/managers and the Human Resources Department within five (5) days after such conviction, plea, or sentence. If an employee who is convicted of, pleads guilty to, or is sentenced for a crime involving illegal drugs performs work directly relating to Motorola Solutions's contracts or grants with a state or the federal government, Motorola Solutions will report such conviction, plea, or sentence to the appropriate agency within ten (10) days after it receives notice. Motorola Solutions may take disciplinary and/or other appropriate action (e.g. referral to the Employee Assistance Program) when an employee engages in any conduct or is involved in any crime that harms Motorola Solutions' operations or reputation.

Smoke-Free Workplace

Employees may smoke in designated smoking areas only. Where required by local law or by the terms of a lease agreement, smoking will be prohibited inside Motorola Solutions facilities and within a certain distance of facility entrances (distances may vary in accordance with local requirements). "No smoking" signs will be clearly and conspicuously posted in areas where smoking is prohibited. For purposes of this policy, "smoking" includes electronic cigarettes or any other devices that look like and act as traditional/ordinary tobacco products.
