**SUMMARY EXPLANATION AND BACKGROUND:**

The School Board of Broward County, Florida (SBBC) received eight (8) proposals for RFP 15-012V – Healthcare Services. This RFP provides nursing services to eligible students in accordance with the School Health Services Act, Florida Statute 381.0056, and Individuals with Disabilities Act (IDEA), and includes pediatric healthcare, medical training and educational assistance to the District. The Awardees provide Registered Nurses, Licensed Practical Nurses, Respiratory Therapists, and non-licensed assistive healthcare personnel to students with special needs.

This RFP was rebid in order to provide a shorter term contract (from five to three years), specification changes to services, vendor inquiries to bid this contract, provide written agreements, provide correct spending authority, and to negotiate better pricing than the contract already in place (13-025N).

These agreements have been reviewed and approved as to form and legal content by the Office of the General Counsel.

**SCHOOL BOARD GOALS:**

- ☐ •Goal 1: High Quality Instruction
- ☒ •Goal 2: Continuous Improvement
- ☐ •Goal 3: Effective Communication

**FINANCIAL IMPACT:**

The estimated financial impact will be \$14,000,000. Funds will be available from funds already included in various school, department, or center budgets and from the IDEA grant. Through extensive negotiations with the recommended vendors, Procurement & Warehousing Services was able to reduce pricing up to 30 percent from the previous RFP 13-025N pricing, which provides a total contract savings of approximately \$4,200,000. Six recommended vendors were able to reduce their training costs from about \$32/hour to no charge. The financial impact represents an estimated contract value; however, the amount authorized will not exceed the estimated value.
